4. Proof Options:

- PDF PROOF (no charge)
Online Proofing is to show you color and/or color breaks, but **IS NOT** an exact color matching proofing system. Output from laser printers, ink-jet printers or what you view on your computer monitor cannot be matched. These methods are subjective and may not accurately represent your final printed product.
- Digital Press Proof (\$60 plus shipping)
Color press proofs are a close representation of the color of your product. Press proofs are available on four-color process items. The final product may be printed on a conventional press, therefore, a 5% difference in color, contrast and saturation may occur. This proof will not be trimmed, stapled, UV-coated, or feature a heavy cover.
- Product Proof (\$90 plus shipping)
Actual printed & laminated product proofs. Proof are printed on a digital press. The final product may be printed on a conventional press, therefore, a 5% difference in color, contrast and saturation may occur.
